

FIGHT OVER NEW COUNTIES.

Prospects Are that Committee's Report Will Not Be Adopted.

Atlanta, August 12.—"The fight over new counties has just begun to get ready to begin to start out to commence," said Senator Miller, of the twenty-fourth district, soon after introducing a joint bill by himself and Senator Steed, of the twenty-third, providing for a reapportionment of the 11 congressional districts of the state, which is thought will be necessary after the creation of the eight new counties.

The bill introduced by Senators Steed and Miller provides for several changes in the present congressional districts, and was prepared with the idea in view of apportioning the new counties to the various congressional districts as fast as they are created by amendments to the reapportionment bill.

The majority report of new counties proposed in the report of the house committee on new counties would affect principally the second, third and eleventh congressional districts.

Tax Bill Up to the Senate.

No further material changes were made by the house in the general tax bill, which passed that body Thursday by a vote of 115 to 0. After its passage the bill was ordered at once transmitted to the senate so that it will be read for the first time in that body Friday.

An effort was made upon motion of Mr. Wright, of Floyd, to get through an amendment to enforce the return for taxation of all notes, mortgages, liens and similar evidences of indebtedness by making them inadmissible evidence in courts of judgment, unless they bore the stamp of life tax receiver as having been returned. This amendment brought on the strongest fight of the day's session, but it was defeated by a large majority.

Mr. Perry, of Hall, sought to have the house reconsider its action in defeating his amendment to make all railroad street railroads and sleeping car companies pay total taxes amounting to 1 1/2 per cent of their gross receipts, but this was voted down.

Neither favorable nor unfavorable action was taken by the senate committee on immigration and labor on the child labor bill of Representative Madison of Fulton, after several hours of discussion in both open and closed session Thursday.

The report of the committee which will be made to the senate Friday is that it will be made the special conference order in the senate next Tuesday morning at 9 o'clock.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against insect bites. As a rule it is only necessary to give the child a dose of water to correct any disorder of the bowels. Do not use any substitute, but use the old-fashioned castor oil, and if that is fresh, as rancid oil usually is, has a tendency to gripe. If the child does not check the bowels give castor oil, Colic, Cholera and Diarrhea remedy and then a dose of water. The disease may be cured by this remedy and all dangers avoided. The castor oil and this remedy should be procured at once and kept on hand as soon as the first indication of any bowel trouble appears. This is the most successful remedy known and may be recommended with the most confidence even to the most timid infant. For sale at all drug stores.

Killed and Arrested for Murder.

August 12.—Percy J. Luster, a manager of the Cummins & Co. company, of Guthrie, Okla., disappeared from that place on which date his body was found in his home with a bullet through his brain. When arrested Luster was found with a revolver in his coat pocket. He was taken by surprise before he could use it. His identity to the police was established from saying that he was a manager of the Cummins & Co. company. His wife, refused to talk.

HELD FOR KILLING HUSBAND.

Wife of Dead Man Charged with the Crime of Manslaughter.

Royston, Ga., August 12.—Mrs. W. P. Cobb was arrested Friday morning on the charge of voluntary manslaughter, according to the action of the coroner's jury. It is probable that she will be admitted to bail if she succeeds in securing the necessary bondsmen.

It is said sensational developments will follow the investigation into the killing of ex-Senator Cobb by his wife. According to statements made in this city today, Professor Cobb had received notice about two weeks since that he had better watch his home.

Before the date of the tragedy which cost the life of the husband, it is alleged that there had been more than one disagreement between himself and his wife, and owing to the various rumors and reports sensational developments are expected.

Mrs. Cobb's statement that she mistook her husband for a burglar is doubted by many. It is the general opinion that when Professor Cobb went away, ostensibly to be gone several days, he returned unexpectedly, and that the killing followed. It is believed, however, that Mrs. Cobb did the shooting. No male person other than Professor Cobb was seen at the Cobb home that night, so far as known.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

Mrs. Sanford's Statement.

Rome, Ga., August 12.—Mrs. V. T. Sanford on hearing of the murder in her husband's case, gave out the following statement: "I have been prepared to hear that for several days I have an abiding faith that that man will yet get his just reward and be made to suffer as he has made others suffer. I am going to stay in Rome until the end if it is twenty years. This is where the trouble commenced and here I shall stay and fight my fight. I am in constant consultation with my faithful and hard working attorney, and I do not care to say anything more for publication."

Saved Lord Roberts' Life.

Salt Lake City, Utah, August 12.—Twelve years in the penitentiary for burglary was the sentence received by Anthony Grice yesterday. He saved the life of Lord Roberts in the Afghan campaign nearly thirty years ago. Roberts had been caught between the lines and his horse shot from under him, the beast pinning him down when he fell. Grice with bullets fairly raining above him, ran a distance of six hundred yards and pulled Roberts from under the animal, mounted him on his own horse and led the way back to the British lines.

Circassian Beauty.
Painting the eyes and eyelids is considered a great aid to the fascination of the female orbs. A Circassian to be really lovely must, in addition to being very corpulent, have golden hair and jet black lashes. Kohl is used by the Persian and Armenian women to lengthen their eyes. The bazaar women and nautch girls of most eastern countries dye their finger nails with henna, and where they wish to be thought great ladies they allow their finger nails to grow to an immense length and keep them in finely wrought gold sheaths.

Headstrong.

Mrs. Homer—Don't you think your husband is rather headstrong for an invalid? Mrs. Neighbor—Yes, and the doctor is to blame for it too. Mrs. Homer—Indeed! And why, pray? Mrs. Neighbor—He won't allow him to take any nourishment but goats' milk.

An Evident Alternative.

"She married him in spite of great opposition, didn't she?"

"Yes. If her marriage doesn't turn out well she'll only have herself to blame."

"Good gracious! Why? What's to prevent her blaming him?"

Love's Labor's Lost.

Poetieus—Have you read Shakespeare's "Love's Labour's Lost"? Cynicus—No, but I've taken a girl to the theater and had her talk to the men next her all through the show.

The worst men often give the best advice. Our thoughts are better sometimes than our deeds.—Bailey.
